Independent Auditors' Report

The Honorable Mayor and Members of the Borough Council Borough of Wharton Wharton, New Jersey

Report on the Financial Statements

We have audited the financial statements – *regulatory basis* – of the various funds of the Borough of Wharton in the County of Morris (the "Borough") as of, and for the years ended December 31, 2014 and 2013, and the related notes to financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Honorable Mayor and Members of the Borough Council Borough of Wharton Page 2

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by the Borough on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for the Adverse Opinion on* U.S. Generally Accepted Accounting Principles paragraph, the financial statements referred to above, do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2014 and 2013, and the changes in financial position or, where applicable, cash flows thereof for the years then ended.

Basis for Qualified Opinion

The Borough's general fixed assets account group is stated at 2013 assessed and replacement values for land and buildings, respectively, and at historical cost or estimated historical cost for equipment in the accompanying financial statements. The basis of accounting is not in conformity with U.S. generally accepted accounting principles and is not in accordance with the accounting practices prescribed or permitted by the Division for land and buildings. We were unable to obtain sufficient evidence to support the cost of the fixed assets of the general fixed assets account group. As more fully described in Note 1, due to the length of time over which these fixed assets were acquired, it is not practical to determine their actual costs. Therefore, based upon the underlying accounting records, we have not audited the general fixed assets account group.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects on the December 31, 2014 and 2013 financial statements of the matter described in the *Basis for Qualified Opinion* paragraph, the financial statements referred to above, present fairly, in all material respects, the financial position of the various funds of the Borough of Wharton as of December 31, 2014 and 2013, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended on the basis of the accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds that collectively comprise the Borough's financial statements. The supplementary data schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards, as required by the U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey's OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the financial statements.

The Honorable Mayor and Members of the Borough Council Borough of Wharton Page 3

The supplementary data schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the various fund financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the various fund financial statements or to the various fund financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 2015 on our consideration of the Borough of Wharton's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Wharton's internal control over financial reporting and compliance.

BOROUGH OF WHARTON NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2014

Note 1: <u>Summary of Significant Accounting Policies</u>

A. <u>Reporting Entity</u>

Except as noted below, the financial statements of the Borough of Wharton include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Wharton, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Wharton do not include the operations of the municipal library or the Volunteer Emergency Services.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources, and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Borough of Wharton conform to the accounting practices applicable to municipalities which have been prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Wharton accounts for its financial transactions through the following separate funds:

<u>Current Fund</u> - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

<u>Trust Fund</u> - Receipt, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Water Utility Operating and Capital Funds</u> - Account for the operations and acquisition of capital facilities of the municipally owned water utility.

Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

B. <u>Description of Funds</u> (Cont'd)

<u>Sewer Utility Operating and Capital Funds</u> - Account for the operations and acquisition of capital facilities of the municipally owned sewer utility.

<u>Special Garbage District Fund</u> - Collection of special district taxes to provide for the costs of garbage collection.

<u>General Fixed Assets Account Group</u> (Unaudited) - Estimated values of land, buildings and certain fixed assets of the Borough as discussed in Note 1E - "Other significant accounting policies".

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The following is a summary of the significant accounting policies.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the operating funds when it is budgeted and in the capital funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations generally based on budgeted amounts. Exceptions to this general rule include:

- 1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
- 2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
- 3. Principal and interest on long-term debt are recognized when due.

Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

C. <u>Basis of Accounting</u> (Cont'd)

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Had the Borough's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when awarded; inventories would not be reflected as expenditures at the time of purchase; and fixed assets purchased by the Utility Capital Funds would be depreciated.

The cash basis of accounting is followed in the Trust and Capital Funds.

- D. <u>Deferred Charges to Future Taxation</u> The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means that debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget, by collecting a grant, by selling bonds, by loans or by capital lease purchase agreements.
- E. Other significant accounting policies include:

<u>Management Estimates</u> - The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

<u>Cash and Cash Equivalents</u> - Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments - Investments are stated at cost or amortized cost, which approximates market.

<u>Grants Receivable</u> - Grants receivable represent total grant awards less amounts collected to date. Because the amount of grants funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

<u>Allowance for Uncollectible Accounts</u> - No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

E. Other significant accounting policies include: (Cont'd)

<u>Compensated Absences</u> - Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

<u>Foreclosed Property</u> - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired, and is fully reserved.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Inventories of Supplies</u> - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

General Fixed Assets (Unaudited)

General fixed assets are recorded at estimated historical cost except for land which is recorded at 2013 assessed values, and buildings which are recorded at 2013 replacement values. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for Fixed Assets." When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current Fund, General Capital Fund and Utility Capital Funds. The values recorded in the General Fixed Assets Account Group and the Current, Utility Operating and Capital Funds may not always agree due to differences in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Capital assets are reviewed for impairment.

Property and equipment purchased by the Utility Funds is recorded in the Utility Capital accounts at cost and are not adjusted for disposition and abandonment. The amounts shown do not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Funds represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation on fixed assets.

F. <u>Budget/Budgetary Control</u> - Annual appropriated budgets are usually prepared in the first quarter for the Current operating, utility, Special Garbage District and Open Space Trust Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Borough during the year.

Note 2: Long-Term Debt

The Local Bond Law governs the issuance of bonds to finance general Borough capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds. The Borough's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

Note 2: Long-Term Debt (Cont'd)

NJ Environmental Infrastructure Trust (EIT) Loan

On November 1, 2005, the Borough of Wharton entered into a NJ Environmental Infrastructure Financing Program loan agreement with the State of New Jersey, acting by and through the NJ Department of Environmental Protection. The Fund loan portion is \$230,596 and the Trust loan portion is \$235,000. The aggregate amount of \$465,596 represents direct obligations of the Borough. The loan proceeds were obtained to finance a portion of the cost of water system improvement projects. At December 31, 2014, the Borough had borrowed or "drawn down" \$465,596 for these projects. The loan balance as of the end of the year is \$282,632.

Principal payments to the Fund commenced August 1, 2006, and will continue on a semiannual basis over 20 years at zero interest. Principal payments to the Trust commenced August 1, 2007, and will continue on a semiannual basis over 19 years at 4.0%-5.0% interest. It is expected that interest will be paid from trust bond proceeds on deposit in the capitalized interest account (as defined in the bond resolution), and earnings on the debt service reserve fund (as defined in the bond resolution) will be transferred to such capitalized interest account. The Borough will nonetheless be responsible for all such interest payments to the extent such trust bond proceeds and interest earnings are not available from the capitalized interest account. Also, an annual administrative fee of up to one percent (1.0%) of the initial principal amount of the loan or such lesser amount, if any, as may be authorized by any act of the NJ State Legislature and as the State may approve from time to time is payable on this loan.

Green Acres - Green Trust Loan

This program was developed by the New Jersey Department of Environmental Protection to provide low interest loans to local governments for the acquisition, preservation and improvement of land for recreation.

Through December 31, 2014, the Borough has borrowed funds under one project. The loan balance as of the end of the year is \$188,629.

Payments of principal and interest on a loan are required to be made once the funds earmarked for a specific project have been completely drawn down. Payments commenced nine months after the final drawdown date and are to continue on a semi-annual basis over a period of 20 years. Interest on the loan is at the rate of 2% annually on the outstanding balance.

Note 3: Fund Balances Appropriated

Fund balances at December 31, 2014 which are expected to be appropriated and included as anticipated revenue in their own respective funds in the budget for the year ending December 31, 2015 are unknown as of the date of this audit as the budget has not been introduced.

Note 4: Deferred Charges to be Raised in Succeeding Years

Certain expenditures are required to be deferred to budgets of the succeeding years. At December 31, 2014, the Borough had no deferred charges.

Note 5: Local or Regional School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Borough of Wharton has elected not to defer school taxes.

Note 6: Pension Plans

Borough employees are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS) of New Jersey; or the Defined Contribution Retirement Program (DCRP). The State of New Jersey sponsors and administers the PERS and PFRS which cover substantially all Borough employees. Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. As a general rule, all full-time employees are eligible to join one of the two public employees' retirement systems. However, if an employee is ineligible to enroll in the PERS or the PFRS, the employee may be eligible to enroll in the DCRP.

Employees who are members of PERS and retire at a specified age according to the relevant tier category for that employee are entitled to a retirement benefit based upon a formula which takes "final average salary" during years of creditable service. Vesting occurs after 8 to 10 years of service. Enrolled PFRS members may retire at age 55 with a minimum of 10 years of service required for vesting. The DCRP provides eligible members with a tax- sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be obtained by writing to the State of New Jersey, Department of Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The employee contributions for PFRS are 10.00% of employees' annual compensation, as defined. For PERS, the contribution rate was 6.78% effective July 1, 2013 and increased to 6.92% effective July 1, 2014. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018. Employers are required to contribute at an actuarially determined rate in both funds. The actuarially determined employer contribution includes funding for cost-of- living adjustments and noncontributory death benefits. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

Borough contributions to PERS amounted to \$170,274, \$164,818 and \$168,880 for 2014, 2013 and 2012, respectively.

Note 6: <u>Pension Plans</u> (Cont'd)

Borough contributions to PFRS amounted to \$474,328, \$521,377 and \$475,802 for 2014, 2013 and 2012, respectively.

Borough contributions to DCRP amounted to \$1,462, \$375 and \$150 for 2014, 2013 and 2012, respectively.

Note 7: Accrued Sick and Vacation Benefits

Members of the Borough Police and Public Works Departments are permitted to accrue a limited amount of unused sick and compensatory time, which may be taken as time off or paid upon retirement or separation at the employee's current rate of compensation upon such termination. It is estimated that the current cost of such unpaid compensation would approximate \$216,839. This amount is not reported either as an expenditure or liability. However, it is expected that the cost of such unpaid compensation will be included in the Borough's budget operating expenditures in the year in which it is used.

Municipal (nonunion) employees are permitted to accrue unused vacation up to a maximum of 10 days and unused sick time up to a certain maximum depending upon years of service ranging from 15 to 25 years which may be taken as time off or paid upon retirement or separation at the employee's current rate of compensation upon such termination. It is estimated that the current cost of such unpaid compensation would approximate \$46,980. This amount is not reported either as an expenditure or liability. However, it is expected that the cost of such unpaid compensation will be included in the Borough's budget operating expenditures in the year in which it is used.

The above amounts are partially funded by the Reserve for Accumulated Absences of \$114,219 on the Other Trust Funds balance sheet at December 31, 2014.

Note 8: Deferred Compensation Plan

The Borough offers its employees deferred compensation plans (the "plans") created in accordance with Section 457 of the Internal Revenue Code. The plans, which are administered by The Hartford Life Insurance Company and Equitable, are available to all Borough employees and permit participants to defer a portion of their salary. The deferred compensation is not available to employees until termination, retirement, unforeseeable emergency or upon death to their beneficiaries.

Note 9: <u>Selected Tax Information</u>

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 10: Cash and Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Borough classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the Borough in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk - In accordance with its cash management plan, the Borough ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Borough limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed on the following page.

Deposits:

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds on deposit.

In addition to the above collateral requirement, if public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Note 10: Cash and Cash Equivalents and Investments (Cont'd)

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;

New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State.

The following is a summary of Borough and employee contributions, interest earnings, reimbursements to the State for benefits paid and the ending balance of the Borough's expendable trust fund for the current and previous two years:

| | Borough | | Employee | | Interest | | Amount | | Ending | |
|------|---------------|--------|---------------|--------|----------|----|------------|--------|---------|--------|
| Year | Contributions | | Contributions | | Earnings | | Reimbursed | | Balance | |

Note 13: Contingent Liabilities

The Borough is periodically involved in various lawsuits arising in the normal course of business, including claims for property damage, personal injury, and various contract disputes. It also deals with potential unasserted claims in the course of Borough business. The Borough vigorously contests these lawsuits and unasserted claims and believes the ultimate resolution will not have a material adverse effect on its financial position.

The municipality has been advised that a number of tax appeals have been filed. In addition, the Borough performed a reassessment effective for 2013 which may lead to the filing of additional tax appeals. A reserve for pending tax appeals in the amount of \$646,995 has been recorded as a liability as of December 31, 2014.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Borough as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Borough officials expect such amounts, if any, to be immaterial.

Note 14: Economic Dependency

The Borough receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Borough's programs and activities.

Note 15: Open Space Trust Fund

The Borough created an Open Space Trust Fund with a tax levy of \$.01 per \$100 of assessed valuation in 1999. The tax levy was increased to \$.02 per \$100 of assessed valuation in 2004. The funds collected are used to acquire and maintain open space property in the Borough. To date, \$1,226,295 has been collected and the balances in the Open Space Trust Fund at December 31, 2014 and 2013 were \$12,101 and \$4,653, respectively.

<u>Report on Internal Control Over Financial Reporting and on</u> <u>Compliance and Other Matters Based on an Audit of Financial Statements</u> <u>Performed in Accordance with *Government Auditing Standards*</u>

Independent Auditors' Report

The Honorable Mayor and Members of the Borough Council Borough of Wharton Wharton, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements – *regulatory basis* - of the various funds of the Borough of Wharton, in the County of Morris (the "Borough") as of, and for the years ended, December 31, 2014 and 2013, and the related notes to the financial statements and have issued our report thereon dated March 20, 2015. These financial statements have been prepared in accordance with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States account group.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Honorable Mayor and Members of the Borough Council Borough of Wharton Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, C.198 (N.J.S. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, C.198 (N.J.S. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, C.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, C.198 (N.J.S. 40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A:11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective January 1, 2011 and thereafter, the bid threshold in accordance with N.J.S. 40A:11-3 and 40A:11-4 (as amended) is \$17,500 and with a qualified purchasing agent the bid threshold may be up to \$36,000.

The governing body of the Borough of Wharton has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per N.J.S. 40A:11-5.

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes, utility charges or assessments on or before the date when they would become delinquent.

On January 6, 2014, the governing body adopted the following resolution authorizing interest to be charged on delinquent taxes and utility charges:

BE IT RESOLVED by the Borough Council of the Borough of Wharton, Morris County, New Jersey, that the rate of interest to be paid upon delinquent taxes and utility charges for the year 2014 shall be fixed at the rate of 8% per annum to \$1,500 and any amount in excess of \$1,500 shall be fixed at the rate of 18% per annum. However, interest shall not be collected upon taxes and utility charges that are not delinquent over ten (10) days. After the tenth day of "grace period", interest reverts back to the due date. An additional penalty of 6% will be imposed on delinquencies in excess of \$10,000.

It appears from a test of the Tax Collector's and Water and Sewer Utility Collector's records that interest was generally collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on September 10, 2014 and all eligible properties were transferred to lien.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

| Year | Number of Liens |
|------|-----------------|
| 2014 | 5 |
| 2013 | 5 |
| 2012 | 5 |
